

Does the town's barber
shave himself, or not?

No .

But then he does
shave himself,
because he shaves
every man that does
not shave himself.

Yes.

But then he doesn't,
because he doesn't
shave any man that
shaves himself.

So if he shaves himself, then he doesn't, and
if he doesn't, he does.

The barber

Deep in the Indiana countryside, there's a small town; and in this town there's a barber. Some of the men in this small town - the industrious ones - shave themselves every morning. But others (the lazy ones) don't; and the barber shaves all of them. (There's no one else around who will do it.) Moreover, he (the barber's a man) never shaves any of the industrious ones - he never shaves any of the men that shave themselves.

shouldn't I have this myself, or not?
