It seems that this is permissible just in case the following two conditions are met:

there is some
good G which
outweighs E

the person
cannot bring
about G while
also eliminating
E

When is it permissible for a person to permit an evil to exist,
even when they can eliminate that evil?

5. If something is wholly good, it always eliminates as much evil as it can.

the 1990s, the number of people with a mental health problem has increased by 50% (Mental Health Foundation 2000).

There is a growing awareness of the need to address the needs of people with mental health problems, and a number of initiatives have been developed to improve the lives of people with mental health problems. The Mental Health Act 1983 was amended in 1996 to give people with mental health problems more rights and to improve the way in which they are treated. The Mental Health Act 1996 was introduced to give people with mental health problems more rights and to improve the way in which they are treated.
