

Is Leibniz's argument
valid?

1. The fact that there are contingent things is contingent.
2. Every contingent fact has an explanation. (PSR)
3. The fact that there are contingent things has an explanation. (1,2)
4. The fact that there are contingent things can't be explained by any contingent thing.
5. The fact that there are contingent things is explained by some thing which is not contingent. (3,4)
6. The fact that there are contingent things is explained by some necessary thing. (5)
7. There is a necessary thing which explains the existence of contingent things. (6)
8. If there is a necessary thing which explains the existence of contingent things, then God exists.

C. God exists. (7,8)
